

## ...Success Begins Here

### Philosophy:

Vocational Nursing is a service, directed to the care and rehabilitation of the sick and to the prevention of disease. Vocational Nursing is one component of a comprehensive health care delivery system. It embodies specific knowledge integrated with clinical application of specific learning. We believe that if nursing is to provide services in response to changing social needs, it must be alert to total health knowledge.

LVN  
HealthCare

### Overview

- ☑ 14 Months Program
- ☑ Placement Assistance
- ☑ Financing Available (for those who qualify)
- ☑ Day Classes
- ☑ NCLEX Review
- ☑ Books/uniforms & Medical Equipment
- ☑ BVNPT and ACCSCT Approved

### Instructional Plan

- ☑ 14 months for Entire Program
- ☑ Divided in 6 Quarters/Terms (Each Quarter/Term = 10 Weeks)
- ☑ Total hours of instruction for the program including time for Quizzes, Mid-term, and the Final Exam are: 581 hours
- ☑ Total Skill Lab and Clinical Hours: 1010 Hours
- ☑ Total Hours of Theory & Clinical: 1591 Hours

### Clinical Rotation: Following Site by Week

1-4	Skills Lab (Classroom Training Skills)
4-10	Non-Acute & Sub-Acute Sites
11-20	Acute and Rehabilitation
21-30	Acute, Extended & Sub-Acute
31-40	Acute Care & Mental Health
41-60	OB/Labor & Delivery & Post-Partum

Pediatrics & Mental Health: Observation & Guided Practice

We believe that Vocational Nursing education is the process through which dedicated students learn the components of the science and art of nursing through participation in a planned sequence of related learning experiences in the classroom and in clinical settings. The theory component of our program will prepare the student to apply critical thinking skills at the bedside. It will provide the necessary foundation and encouragement for continuous learning for our vocational nursing students.

Furthermore, the program will prepare the student to assume his or her role in the community with cultural and personal values, and in the nursing profession, as one who accepts his or her responsibility for the continuing development of Vocational Nursing
